### **INVITED SPEAKERS (TBC):**

- Mr Frédéric Destrebecq, Executive Director, European Brain Council
- Mr Andrzej Rys, Director, Health Systems, Medical products and innovation, DG Santé, European Commission
- Mr François Houÿez, Treatment Information and Access Director, EURORDIS
  - Mr Mike Isles, European Alliance for Access to Safe Medicines
    - Ms Geneva Forwood, Counsel, White & Case LLP
  - Professor Marc Doods, Hospital Pharmacist and author of the Declaration on Good Off-Label Use Practices

Off-label use is the practice of using a medicine outside its authorised indication. It plays an important part in some medical areas, providing benefit to patients when no other treatment option is available.

A clear approach on the issue is becoming increasingly urgent to avoid any unnecessary risks to patients.

We would like to discuss with you and key stakeholders how to ensure that the highest standards of care are upheld in the practice of off-label prescribing.
