

## Plexus Skills 2024: Clinical Skills for Life

Learn the most up-to-date clinical knowledge and skills from leading global physicians

At Plexus, we are driven by an unwavering passion for the **pursuit of lifelong learning**. In 2024, Plexus Skills will remain steadfast in its commitment to **empowering physicians and students with the most cutting-edge clinical knowledge and skills** through meticulously designed, immersive hands-on workshops and engaging lectures, tailored exclusively for Plexus participants from across the globe.

We aim to bring together an esteemed group of physicians from **leading biomedical institutions worldwide**, including **Cleveland Clinic, Mayo Clinic and Massachusetts General Hospital** to share their knowledge and expertise. Our conference day will be capped off with a **gorgeous Gala dinner** where a **Nobel laureate** will share their incredible career path, as well as an opportunity for networking with all the speakers and participants. See you in December 2024 in Zagreb, Croatia in the historic Hotel Esplanade and enjoy one of **Europe's most amazing Christmas markets** while learning cutting-edge knowledge!
